We have heart!

Belong • Be Known • Be Happy

Honesty, Empathy, Acceptance, Respect, Trust
A great foundation for a successful future

Scoresby Primary School prides itself on the happy and positive environment which enables our students to reach their full potential. A team of dedicated staff offers a high quality curriculum utilising modern facilities, resources and a variety of Information Technology devices. Scoresby Primary School has a strong literacy and numeracy focus across the school resulting in excellent student achievement data. We are innovative in our approach to teaching and learning and value our students individual learning and social needs.

Our students become successful lifelong learners. We offer students the opportunity to participate in a broad range of enrichment activities. We have a unique exchange program to Riverton, New Zealand which is offered to all Year 6 students. Students experience life in a farming community and create lifelong friendships with a community from another part of the world.

Our Vision

Scoresby Primary School provides authentic and engaging learning within a safe, caring environment which allows our students to reach their full potential as active, responsible members of our society. Student wellbeing and student learning outcomes are closely linked.

We actively practise our HEART Values —
Honesty
Empathy
Acceptance
Respect
Trust
