WEDNESDAY 21ST MARCH ....................................... School Council AGM
FRIDAY 23RD MARCH ............................................... NZ Students return
TUESDAY 27TH MARCH ........................................... District Athletics Carnival
FRIDAY 30TH MARCH ............................................... University of NSW entries closing date
FRIDAY 30TH MARCH ............................................... Last Day Term 1 - 2.30 pm Finish

PRINCIPAL’S DESK

A SPECIAL INVITATION
Please join us for Assembly on Monday 20th February at 9:00 as we will be presenting our School Captains with their badges as well as announcing our House and Vice Captains and presenting them with their badges. We are indeed fortunate that Hon Kim Wells, the Treasurer for Victoria and the Legislative Assembly Member for Scoresby, is presenting the badges to the Student Leadership group of 2012.
ADDITIONS TO OUR SCHOOL
FISH. Have you seen the new fish in the tank in the foyer? We have Clown Loach, Angel Fish, Goldfish, red Eyed Tetra, a Gourami and Serpae Tetra. Thank you to Julie Ann Sweeney for looking after the tank for us and preparing the photos that are displayed beside the tank to help us identify each fish breed.

CHICKENS. We had an exciting lunchtime on Tuesday as our 4 chickens arrived into the Henhouse. Read more about it in a special section of the newsletter.

STRUCTURE OF THE SCHOOL
Thank you to one of the new families to the school who reminded me that we sometimes overlook explaining terms that we use every day to the parents. At present the Department has structured the curriculum in 4 levels across a Primary School and so we refer to the grades as part of Levels. Level 1 is the Prep grades, Level 2 is the Grade 1 and 2 students, Level 3 is the Grade 3 and 4 students and Level 4 is the Grade 5 and 6 students. As we have composite grades across the school which are within these levels we tend to organise many events as “Level events”.

SOMERS CAMP
I was delighted to catch up with our 9 students at Somers Camp on Monday morning. They are having a wonderful time experiencing many challenging activities, learning to mix with new students and responding to many different social contexts. They will be putting some reflections in future newsletters so keep your eye out.

Meagan Walker who is the staff member from SPS at the camp has been doing a fantastic job and we really need to acknowledge that being ‘on duty’ 24 hours a day to provide care for the students is a big commitment. Also thank you to Rachael Pierce who has so capably taken 1/2W while Meagan has been away.

KNOX SCHOOLS EXPO
This is earlier notice for a diary date for parents with students in Years 4, 5 and 6. The Knox School Expo will be held on Thursday 15th March from 6:45 to 8:45 at Knox City Council, Knox Civic Centre, 511 Burwood Highway, Wantirna South in Function Rooms 3 and 4.

The expo “Choosing a Secondary School for Your Child” provides parents with information about the processes of choosing a secondary school and assisting your child in the transition process. Decisions are made early in your child’s Year 6 year and so the more information you can get the better.

More information will be coming closer to the time.

SCHOOL NURSE VISIT
Susan Shearman, a visiting primary school nurse from the Department of Education and Early Childhood Development will be attending the school during term one to conduct the Prep grade health assessments and to see other children as requested by parents or teachers (with parents’ consent).

The purpose of the visit is to provide all Victorian children with the opportunity to have a health assessment; to link children, families and school communities to services available in the community; and to provide information and advice that promotes health and wellbeing.

Parents are invited to visit or telephone the visiting primary school nurse if there are any general child health issues they wish to discuss. The contact number for the visiting primary school nurse is 0412 161 477.

Parents of students (other than Prep students) that wish their child to be seen by the school nurse need to complete a Referral form that is available at the school office. This completed Referral form needs to be returned to the school office by 24th February.

INTEGRATED UNITS OF WORK
Last week the teachers at each level planned together and have prepared some exciting units of work for the students.

Prep B and E (Level 1) – Our Community with the investigation into “There are helpers in our community.” The students will be looking at the people in the community who help them and the roles that they have, the different equipment and uniforms that they wear and emergency procedures for school and home.

1/2A, 1/2N and 1/2W (Level 2) – Happy, Healthy and Wise with the investigation into “Being healthy is important and has many different dimensions.” They will look at different body systems, the importance of exercise, healthy food choices and who can keep us healthy.

3/4D, 3/4G and 3/4W (Level 3) – A new tale with an old twist with the investigation into “Different Values are portrayed through the sharing of Fairytales.” The students will look into the main features of a fairytale, the typical character types in any fairytale and identify some of the values depicted in fairytales.

5/6C, 5/6J, 5/6K and 5/6S (Level 4) – It’s easy being green with an investigation into “There are different forms of energy available which contribute to a sustainable future.” The students will be looking into the different forms of energy, what is sustainability and why it is important, the forms of energy used at home and how we can contribute to a sustainable future.
SCHOOL COUNCIL
Please remember that the Nominations for the positions on School Council close by 4.00pm on Monday 20th February. Nomination forms are available in the Office.

WORKING BEE
On Saturday 18th February from 8:30 to 12:30 we will be completing many tasks around the school so if you can help please contact the office to leave your name or email me at fowler.maureen.e@edumail.vic.gov.au. We will finish off with a sausage sizzle lunch.
If you are attending and could bring any of the following tools it would be helpful shovels, rakes, blower vats, whipper snippers, hedge cutter and paint brushes.

FROM THE ASSISTANT PRINCIPAL

RESILIENCE AMBASSADORS with Andrew Fuller

Last year Scoresby Primary School was fortunate in receiving a grant through Knox School Focused Youth Service to fund a program for our Level 4 students called “The Resilience Ambassadors”. The program is being facilitated by Andrew Fuller, a well-known and respected Clinical Psychologist and Family Therapist who works with schools, communities, families and individuals on creating resilience.

The Resilience Ambassadors program is designed to empower young Australians to increase their own resilience knowledge and behaviour. The program not only benefits the individual student in recognising they can improve their own lives, but also starts a trend to change things for the better in their schools, families and communities. The 10-12 year old range is a time of identity formation and if resilience is built at this time, risk behaviours during adolescence can be minimised.

In the Resilience Ambassadors program young people are trained to become leaders within their schools and to develop and lead projects of change. The topics included in the training are:

- how to create change
- knowing yourself and your strengths
- understanding others
- effective communication
- overcoming barriers to change including anxiety and embarrassment
- empowerment and autonomy
- becoming the creator of your own destiny
- decision making and problem solving
- positive thinking
- persistence and following through
- emotional intelligence
- project design and implementation

Andrew Fuller will be working with Level 4 staff and students all day on Friday 24th February and later in Term 2. If you are interested in learning more about Andrew Fuller you can visit his website at www.andrewfuller.com.au.

Stay tuned for more information about The Resilience Ambassadors and Andrew has also provided me with several interesting articles which I will share with you in the coming weeks.

Resilience is the happy knack of bungy jumping through the pitfalls of life. When tough things happen, resilience helps people to overcome these and get on with their lives. ~ Andrew Fuller
LEVEL 4 FATHER / DAUGHTER NIGHT

On Friday 16th March we are holding a Father Daughter Night in the school hall from 6.00-7.30p.m. The event has been organised by David Cheah our school chaplain following the great response we received from the Father Son Night last year.

The aim of the evening is to encourage dads and their daughters to spend time together in a fun environment of games and food with a short 5-7 minute message of encouragement.

On Monday all girls in grades 5 and 6 received a flyer about the occasion with an RSVP slip. Please return the reply slip as soon as possible if you are attending.

In Term 3 we will be offering a similar night for Fathers and Sons, so put Friday 31st August in your diaries dads!

HEAD LICE

It may not be the average hot summer, but head lice are still thriving! Head lice are prevalent all year round. Our bodies regulate our temperature, which is perfect for a head lice infestation, whether it's 20° or 40° outside.

There is still more education that needs to be supported through school and parenting channels. Together we can reduce the prevalence of head lice in our schools and communities.

A recent NitWits survey found that 77% of households had a case of head lice more than once... and 38% had experienced head lice more than 5 times! This can only be one of the most frustrating experiences for parents and schools alike.

Head lice are tiny little wingless parasites that are highly contagious. They are only transferred by direct human contact, they are not dangerous, do not carry diseases and are not a sign of poor hygiene. It is said that one in four young school children carry head lice at any one time and 95 percent of head lice cases are picked up at school.

Head lice can be passed around by innocent close play such as a hug, sharing hair ties, brushes and caps. Head lice crawl exceptionally fast and have a firm grip on the hair once in contact, the transfer can happen in an instant. It only takes one louse to start the head lice life cycle.

Getting rid of head lice requires application of a head lice treatment solution and thorough combing (from root to tip) of the hair.

Head Lice Treatment

Successful head lice treatment for nits and lice relies on a 3-step process: Treat, Comb and Defend – 3 steps to win the fight against nits!

Step 1 Treat
A head lice treatment is designed to either suffocate the lice or interfere with the lice' central nervous system, causing paralysis and eventually death. The treatment should cover the entire scalp (as the adolescent nymphs live directly on the scalp) and all of hair and be left for approximately 30 minutes. Massage the treatment into the scalp and hair for five minutes to ensure the treatment cream or foam penetrates the head lice and then you’ll need to comb.

There are a myriad of head lice treatment on the market these days, natural head lice treatment and chemical based treatments. Head lice are forming a resistance to chemical based head lice treatment; studies have shown the effectiveness of these head lice treatment dropping from 95% to near 60%.

Step 2 Comb
Combing is probably the most important step in the fight against nits as there is no other way to remove the head lice and eggs from the scalp. Some products may suggest removing these with your fingers; however, it is best to use a specialised comb to ensure complete removal. Eggs that are left in the hair will hatch in 7 – 10 days and breed a new generation of head lice.

Combing can take some time depending on the hair. Girls with long thick hair will need some patients as combing can take some time when done properly – short, thin hair will usually be a much quicker process. The hair should be divided into 4cm sections and, using the metal teeth of the comb, run the comb from the root of the hair to the tip. After every comb wipe off the head lice and eggs on to a tissue and repeat until every strand of hair has been combed. Successful head lice removal will stop the head lice life cycle. It is recommended that you repeat the head lice treatment and combing process again in 7-10 days to ensure you have removed all head lice and their eggs.

Hot tip: Use a conditioner or detangler to help unlock knots and make the combing process easier.

Step 3 Defend
Don’t wait for an infestation or even an outbreak in your school, look to protect your children from head
lice. Be vigilant and check for head lice in your children’s hair regularly. Using a prevention spray daily can ward off head lice, avoiding a potential infestation and saving you the hassle of a complete head lice treatment.

SCHOOL PHOTOS

School photos will be taken on Tuesday 6th March. On Monday all students received an envelope from MSP Photography. Please DO NOT return the envelopes until Photo Day, when each student will hand their envelope directly to the photographer.

All students will have an individual photo. If you would like to have a FAMILY PORTRAIT taken then you or your child needs to collect an envelope directly from the office. Spare envelopes will also be available from the office. As with individual / class photos, please do not bring the envelope until Photo Day and the eldest child can hand it directly to the photographer.

Assistant Principal

SPORT NEWS

Family Fun Night & Picnic

On Thursday the 1st of March we will be holding our annual ‘Family Fun Night’. This is always a great way to begin the year and get the entire school community together. The evening will commence at 6.00pm with a casual picnic on the side of the oval at the school. At 6.30pm students will participate in a variety of tabloid sport activities. Then at 7.30pm students will participate in some running races on the oval. The night will conclude at approximately 8.00pm.

It is a really enjoyable night that the students really enjoy! We hope to see you there!

Running Club has commenced at Scoresby Primary School!!!

On Wednesday the 15th of February we commenced our ‘Running Club’ on the running track at Scoresby Primary School. This is open to all students in grades 3-6 and involves students trying to improve their fitness and running ability to make everyone healthier and hopefully help us with athletics and cross country results early this year.

‘Running Club’ will run from 8:15am – 8:45am each Wednesday morning. Students will be given the opportunity to keep an ongoing tally of the number of laps that they complete of the track throughout the year – and therefore how many kilometres that they travel. Awards will be handed out for this at various stages throughout the year.

A healthy breakfast of cereal and fruit is also supplied each Wednesday morning to ensure that students have plenty of energy for their day. If your child plans on having cereal they will need to bring their own bowl and spoon.

It would be great to have as many students there as possible!

Aaron Palmer

BEST WISHES TO THOSE STUDENTS WHO WERE CELEBRATING BIRTHDAYS THIS WEEK

Charlie H, Gilbert E, Aidan S, Joel S, Max M. Rebecca L.
When a couple meet, full in love and get married, it is like two members of different tribes getting together to form their own tribe. This transition can be easy, but for some it has the potential for some challenges. This tribe concept applies to bringing up children. What was the norm in one family could be the complete opposite in the other. The best advice is to establish what your tribe is going to look like, agree and then follow through - consistency and persistence are the keys.

I am currently reading a book called ‘Boundaries with Kids’ by Dr. Henry Cloud and Dr. John Townsend. (I would highly recommend). They speak very clearly that parenting has more to do with the future than the present. That is, you are preparing your child’s character for how they will be as an adult. Have you ever considered that tidying a child’s room for them can be unfair for their future spouse; or not following through with discipline because you thought it will affect their self-esteem will result in them never knowing the negative effect of their poor choices?

George Barna (Director of a firm specializing in studying behaviour of Americans) made this observation; “most beliefs, behaviours and expectations that define a person’s life have been developed and embraced by the age of 13. Relatively little changes after that time.”

With this in mind, we as parents have to make the most of our time with our children. We need to help a child learn to take responsibility for their thoughts, actions and words; we need to help them develop resilience and initiative.

You may have heard this before; parents have the most time with their children and therefore have the greatest influence. Are you making the most of your time?

Trust that you have had a great start to the year and that this year will bring major breakthrough for you.

David Cheah
School Chaplain

FROM THE OFFICE

Accident Insurance – Parents are reminded that they are responsible for paying the cost of any medical treatment for injured students, including any transport costs. Reasonably low cost accident insurance policies are available from commercial insurers.

If you no longer wish to have the newsletter sent by email please reply to it with “unsubscribe” in the subject line.

BOOK CLUB

CURRENT ISSUE: No 1 DUE DATE: Monday 21st February

Please note the correct due date above. I apologise for the error in the date printed last week (gremlins in the system!)

Please ensure that you complete your child’s name and grade on the top of the order form. This enables us to deliver your order promptly.

ALISON LANCASHIRE
Scholastic Book Club Coordinator
OUTSIDE SCHOOL HOURS CARE

Monday 13 – Friday 24th February

We are getting to know each other these first few weeks as the new preps settle in to Prep Early Finish and Before and Aftercare. They are enjoying new games and activities including dominos puzzles, reading, construction and origami.

On Pupil Free Day – Wednesday 1er February, the children enjoyed making and creating their unusual piñata – An Alien – the boy’s comments were, it has hypnotising eyes shark mouth, shark fin and two scares, a skull on his head and dragon wings. They all worked hard in a group pasting the strips and adding its special parts.

We are making Dragon Piñatas, as it is the year of the Dragon. We are also using volcano, green goo, as we are reading the Michael Salmon Dinosaur books.

This week we are starting our Active After-school Community Program.
It runs on Tuesday 14th February – Circus Skills will be running for 6 weeks till end of term 27th March from 4.00 – 5.00 pm
Thursday 16th February – Target Games/Balls this will run for 7 weeks till end of term 29th March from 4.00 – 5.00 pm

Please Note: A reminder the Active-After School Community Program finishes at 5.00pm. So that we don’t have disappointed children, parents, please come later or stay and watch. The leaflet from AASCP informs you about the program and its aims, sport activities are changed each term and we ask for some feedback from the children, parents and also programs are repeated because they were enjoyed previously, the outcome being learning new skills and games associated with the skills.
If you would like to join this program please let us know at the office/OSH staff to book.

To help raise money towards the Grade 6 exchange program to Riverton, New Zealand the CANTEEN will be open at lunchtime on:-

FRIDAY FEBUARARY 17TH
THURSDAY FEBUARARY 23rd
FRIDAY FEBUARY 24TH

The only items which will be on sale these days are

Icy Poles at 50 cents and Cans of Lemonade at $1

Chickens

That’s right, the chickens have arrived. On Tuesday we welcomed four Isa Brown chickens into our vegetable garden. The girls are four and a half months old and just about ready to start laying eggs. The children also got to see eggs of different colours and sizes and chicks that were only a few weeks old. Next week we will announce the details of our chicken naming contest. So get your thinking hats on, who knows, we might end up with a Mrs Fowl(er) or a Mrs Hen(drey)!
Awards presented on
Monday February 13th 2012

1/2A – Rohan B
Rohan has already displayed exceptional persistence and a tremendous ‘have-a-go’ attitude this year. He has settled into his new class with a permanent smile on his face and a twinkle in his eye. Rohan has quickly remembered the names of all his new friends and learnt many new classroom routines. We are very proud of you Rohan, a great start to grade one!

1/2W – Lachlan C
Lachlan has been a wonderful role model for the children in our class. Even though we have only been at school for two days, he has consistently displayed the HEART value of Respect by listening to whoever is speaking and waiting his turn patiently. Lachlan also showed Empathy to a friend, who was feeling sad. Lachlan thank you for being our first HEART superstar!

1/2N – Lachlan R
Lachlan is a Habit of Mind superstar! He has used his time wisely and has completed all his tasks on time. Lachlan your persistence has paid off and we are looking forward to seeing more examples of what can happen when you use persistence.

3/4D – Alex M
For preparing and executing an inspirational speech which resulted in her being elected 3/4D’s Sustainability Representative. Alex was very organised and prepared a detailed speech that ensured the rest of the class knew just how capable and hard working she really was. Alex was definitely most deserving and it has been pleasing to see that she has quickly becoming a role model for our class. You’re a star Alex!

3/4W – Lilly C
The Class and Miss Wellinger voted for Lilly because she put in a lot of effort into her presentation for being a Sustainable. Despite being nervous, she persisted, showed developing leadership and presentation skills and ended up being voted into one of the Sustainable positions. Congratulations, a great way to start the year.

5/6C – Rebecca H
For the amazing way Bec has settled into our classroom and into the Level 4 building. Bec has demonstrated fantastic organisational skills and is taking great pride in the presentation of her work. She is keeping a list of everything that needs to be completed and is checking that it is all finished by the end of the week. Keep up the great work, Bec.

5/6K – Abbey D
For her entertaining and original “Me” Presentation. Abbey prepared a fantastic movie about herself which showed us her family, her interests, her pets and even some of her dancing! Well done Abbey, it was great to see a different method of presentation. Keep up the great work.

5/6J – Jagnoor J
For the responsible and mature way he has begun the year. Jagnoor conducts himself in a way that demonstrates fantastic leadership and team work skills. He is kind to those around him and certainly displays the HEART value: Respect. We are lucky to have such a great role model in Level 4. Well done on a great start to Grade 6 Jagnoor! 😊

5/6 S – Ryan Booth
For the fantastic start that he has made to Grade 6. Ryan has already demonstrated many of our Scoresby ‘HEART’ values including empathy and respect. Ryan has also been a terrific helper around the classroom in the first couple of weeks of school. Ryan, we are very lucky to have you in our Level 4 Community. I know that the ‘footprint’ that you are going to leave at Scoresby PS will be a very positive one.
SPIRIT MAGIC BASKETBALL CLUB

Junior registration day - Saturday, 18th February 2012
8.30am - 3.30pm - Maroondah Indoor Sports Stadium
(Carlton Rd, Ringwood - opposite Cadbury's)

Spirit Magic is a junior domestic basketball club which caters for all genders, abilities and ages beginning from U8's through to U23's. Training is based out of Yarra Valley Grammar and Parkwood on weeknights and games are played on Saturdays at the Maroondah Stadium and surrounding suburbs. We are ideal for beginners and welcome aspiring new members to sign up! Please visit www.spiritmagic.com.au for further information or contact Joe Egan (9879 9859) or Howie Sykes (0413 682 909) for queries. You can also email us - see contacts page on website!

Knoxfield Netball Club

The Knoxfield Netball Club is looking for new players for our Open Team (18 years and over) which competes at Jells Park on Saturday afternoons.

Also for players for a New 11 & Under team which competes at Jells Park on Saturday mornings. Players must be 8 years old to compete. Training is at Carrington Primary School Tuesday afternoons 4.00 to 5.00.

Season starts 17th March 2012.

If you are interested & require more information please call any of the below.

President: Alison Ph: 9759 3152 / 0409 160 959
Secretary: Michele Ph: 0408 586 488
Treasurer: Deborah Ph: 9783 7279
Healthy and active kids – it’s up to you!

See your kids the best chance for an active lifestyle with the Active After-school Communities (AASC) program.

Did you know?
- Children need at least 60 minutes (and up to several hours of moderate to vigorous physical activity every day).*
- Children should not spend more than two hours a day using electronic media for entertainment (for example, computer games, TV, internet), particularly during daylight hours.

What is the AASC program?
This AASC program gives children a passion for sport and physical activity in the and safe environment.
It is the Australian Government initiative that provides primary school children with a fun and safe introduction to a selection of new sports and 10 after-school physical activities after school (3:00pm-5:00pm).

Benefits of the AASC program
- Access to a variety of free sports and activities
- An encouraging atmosphere that builds self-confidence
- Fully supervised sessions with experienced coaches
- Provides a foundation for children to progress into local club sport
- Free healthy afternoon tea and access to sports equipment
- A chance to make new friends and have fun!

Find out more
To find out how your child can participate in the AASC program, visit the local office or contact the AASC coordinator at your school after-school care centre.

*a grant provided by the Commonwealth Department of Health and Ageing, Australian Health Care Commission, for the New South Wales 2004.

Knox Churches Soccer Club

Knox Churches Soccer Club is a family friendly, encouraging club and welcomes players of all abilities to play the world game. The club is located at Knox Park, Ferntree Gully Road, Knoxfield.

The club is fielding teams in the VCSA league competition for season 2012, ranging from U8 through to U17 with matches played on Saturday mornings.

Knox Churches Soccer Club also run their GoalKick program, designed to introduce the skills and the game of soccer to beginner players (suitable for ages 5 up to 10 years) on Saturday mornings.

Registrations are now open to all interested players (while positions remain available). Please contact Helen on 0407 055 139 or Karen on 0409 208 606 for further details, or visit our website: kcssc.vcsa.org.au.
